

CDG-202

Industrial Cleaner & Degreaser

PHYSICAL DESCRIPTION

Appearance	Clear Amber free-flowing liquid
Freezing Point	< -40°C
Flash Point	36°C (PMCC)
Specific Gravity	0.88 – 0.92
Solubility	Oil – Soluble Water - Dispersible
Odour	Hydrocarbon

PROPERTIES

StaClean™ CDG-202 is a concentrated blend of surfactants with aromatic solvents.

StaClean™ CDG-212 is an industrial cleaner / degreaser concentrate, designed specifically to quickly penetrate and remove heavy grease and soils.

StaClean™ CDG-202 contains high concentrations of aromatics and should only be used in outdoor conditions or in very well ventilated area.

BENEFITS

StaClean™ CDG-202 is excellent for cleaning out tanks and other systems that are fouled with hydrocarbons and sludge deposits. CDG-202 is compatible with citric acid to help remove scales that are coated with hydrocarbon deposits as well.

CDG-202

Industrial Cleaner & Degreaser

MIXING & HANDLING INSTRUCTIONS

StaClean™ CDG-202 can be used straight or cut with 5 to 10 parts solvent.

The choice of solvent is based on the application. For heavy grease and solids the product should be cut with a hydrocarbon such as a kerosene or diesel fuel.

In situations where the use of hydrocarbon solvents may be a hazard, StaClean™ CDG-202 should be mixed with water. This forms a semi-stable emulsion.

Apply solution using a spray or brush, and allow standing so that the degreaser can penetrate the soiled area. Rinse with hose, high pressure rinse or steam cleaner.

StaClean™ CDG-202 contains aromatic solvents. Prior to application, the degreasing solution should be spot-tested on an inconspicuous area to ensure no damage is cause to the surface to be cleaner.

CAUTION, SHIPPING & HANDLING

Highly flammable liquid and vapour. Causes skin irritation, Causes serious eye irritation. May cause drowsiness or dizziness.

Handle with care as with any industrial chemical.

Before using this product refer to the Safety Data Sheet for all safety and handling information.

StaClean™ CDG-202 is available in 20L pails, 205L drums, 1000L totes and in bulk.
