

**CDG-215**

## Synthetic Industrial Cleaner &amp; Degreaser

**PHYSICAL DESCRIPTION**

Appearance	Clear Amber to Brown, free-flowing liquid
Freezing Point	-30°C
Flash Point	20°C (PMCC)
Specific Gravity	0.90 – 0.94
Solubility	Oil – Soluble Water - Immiscible
Odour	Floral

**PROPERTIES**

StaClean™ CDG-212-E is a heavy duty cleaner recommended for jobs with sludge and heavy oils. StaClean™ CDG-212-E is a perfect choice for chemical cleaning of hydrocarbon foulants such as oils, greases, waxes, gums, tars and coke.

StaClean™ CDG-212-E is excellent for use in difficult tank cleanings and other deposit removal projects.

StaClean™ CDG-212-E is an industrial cleaner / degreaser concentrate, designed specifically to quickly penetrate and remove heavy grease and soils.

StaClean™ CDG-212-E contains no aromatic solvents and uses a synthetic solvent system that is immiscible with water.

**BENEFITS**

StaClean™ CDG-212-E is formulated to be a near-direct crossout with our CDG-212, and has identical applications, but does not have the hazards associated with aromatic solvents.

## CDG-215

### Synthetic Industrial Cleaner & Degreaser

#### MIXING & HANDLING INSTRUCTIONS

StaClean™ CDG-215 can be used straight or cut with 5 to 10 parts solvent.

The choice of solvent is based on the application. For heavy grease and solids the product should be cut with a hydrocarbon such as a kerosene or diesel fuel.

In situations where the use of hydrocarbon solvents may be a hazard, StaClean™ CDG-215 should be mixed with water. This forms a semi-stable emulsion.

Apply solution using a spray or brush, and allow standing so that the degreaser can penetrate the soiled area. Rinse with hose, high pressure rinse or steam cleaner.

StaClean™ CDG-215 contains no aromatic solvents, however prior to application, the degreasing solution should be spot-tested on an inconspicuous area to ensure no damage is caused to the surface to be cleaner.

#### CAUTION, SHIPPING & HANDLING

Highly flammable liquid and vapour. Causes skin irritation, Causes serious eye irritation. May cause respiratory irritation.

Handle with care as with any industrial chemical.

Before using this product refer to the Safety Data Sheet for all safety and handling information.

StaClean™ CDG-215 is available in 20L pails.
